AYER'S CHERRY PECTORAL.
FOR THE rapid cure of Coughs, Colds, Hoarseness,
Bronchitis, Whooping Cough, Asthma and Consumption,
is universally known as the best remedy ever discovered
for every variety of Pulmonary disease. So wide is the field
of its usefulness, and so numerous the cases of its cures,
publicly known, who have been restored from alarming and
even desperate stages of the lungs by its use. When once
tried its superiority over every other medicine of its kind is
too apparent to escape observation, and where its virtues are
known, the public no longer hesitate what antidote to em-
ploy for the distressing and dangerous affections of the
lungs or throat are arrested, and thus are saved many thou-
sands every year from a premature grave. No family should
be without it, and those who neglect to procure it to pre-
vent a remedy which wards off this dangerous class of
diseases will have cause to deplore it when it is too late.
Proofs of the surprising efficacy of the Cherry Pectoral need
not be large to the credit of the medicine. It will furnish
proofs in every neighborhood. But those who wish to read
the statements of those whose health has been restored, and
whose lives have been saved by its use, will find them in
American Almanac, which the agents below named have to
furnish gratis to every one.
